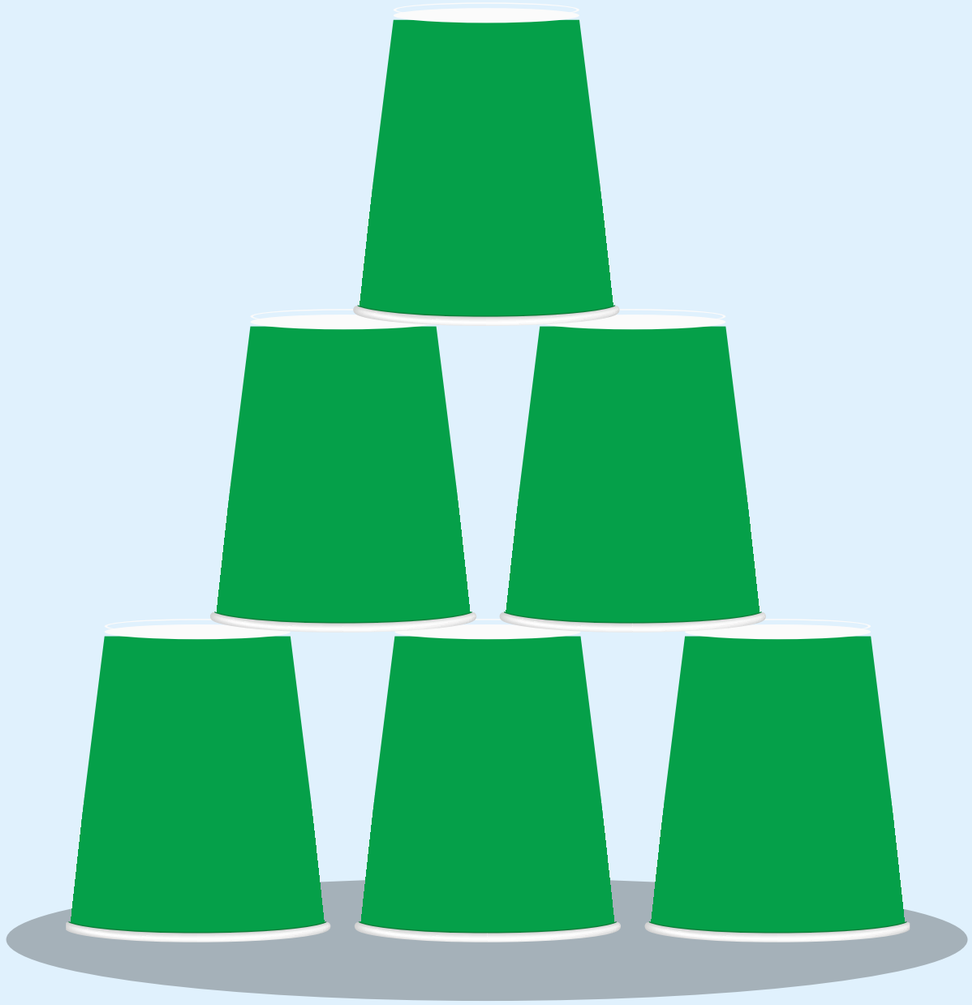
CHALLENGE 2

Can you build a pyramid with 6 cups?
You can only move the cups using the string and elastic bands on your table, you cannot touch the cups with your hands!

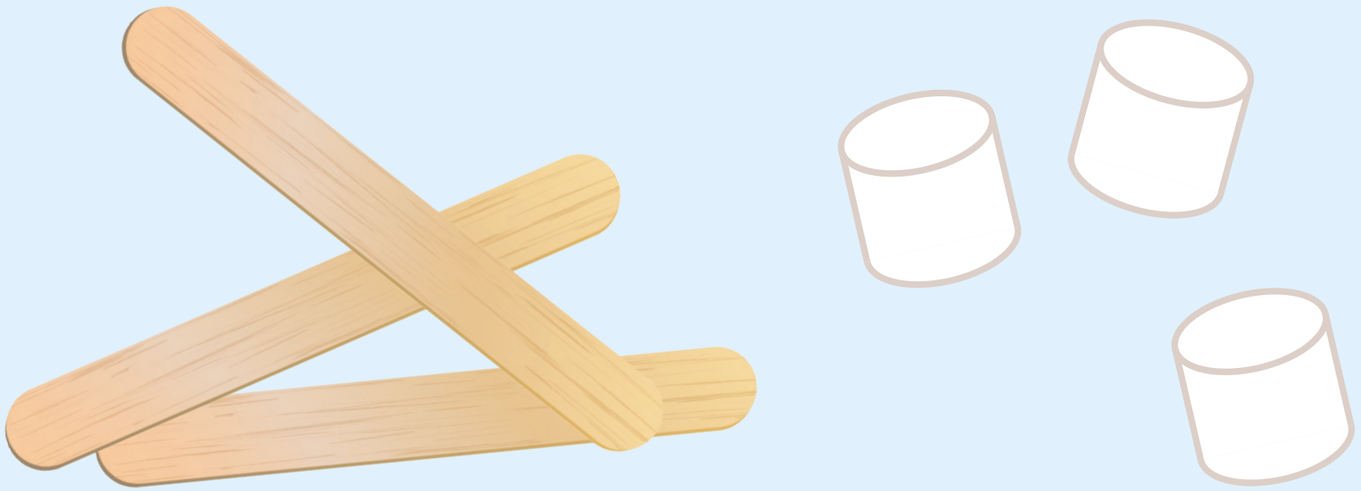


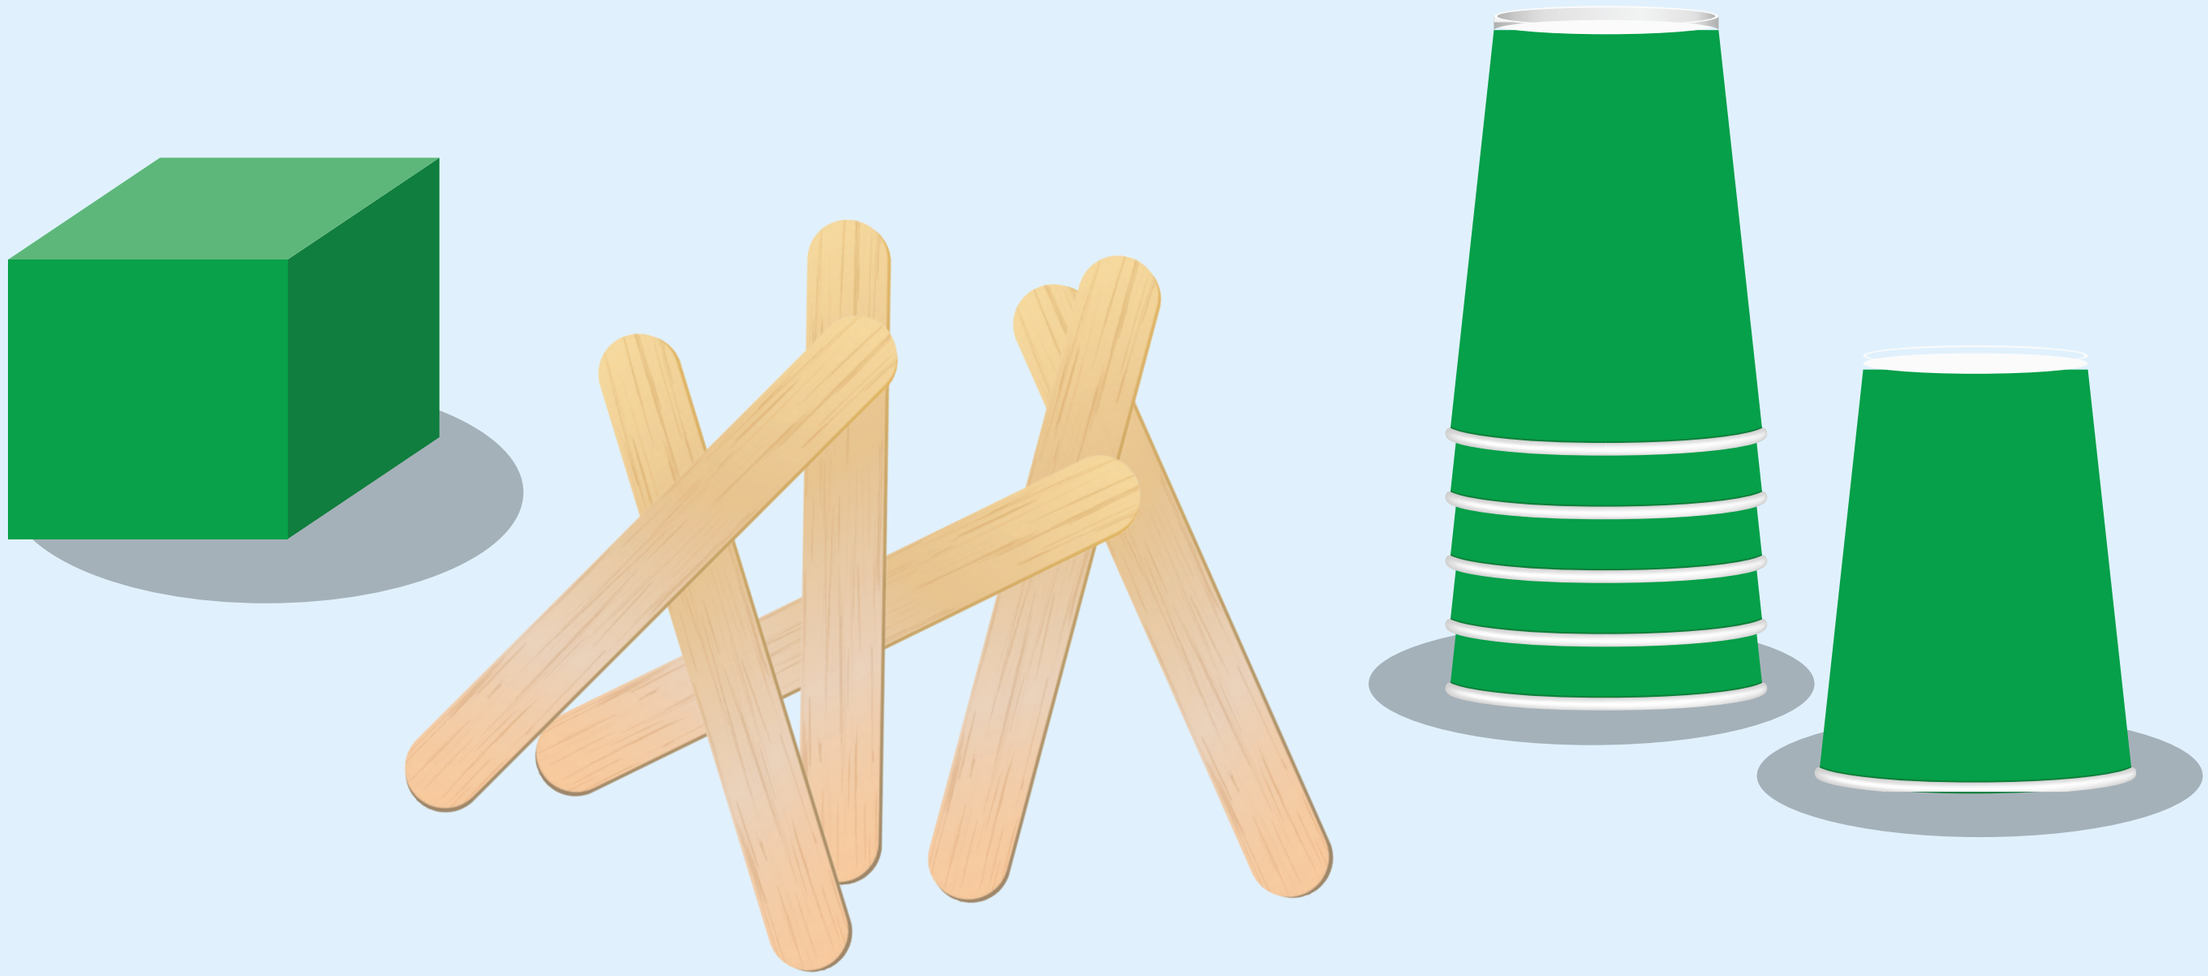
CHALLENGE 3

You have 3 lollipop sticks and 3 marshmallows.

You must ensure each lollipop stick is balanced on its own marshmallow not touching the table.

You must also ensure that each lollipop stick is touching at least two other lollipop sticks.



CHALLENGE 4


**You have 6 plastic cups, one cube and some lollipop sticks.
Your task is to build a structure that ensures all the cups are not touching the floor. The cups cannot be touching each other!**
